

Math

Aim/Skill/Concept:

SWBAT classify triangles by the lengths of their sides and by measures of their angles.

Materials

Math Skills Handout, pencil, scratch paper

Assessment:

Students will identify vocabulary terms and understanding of the concepts of the terms, and determine what type of triangle it is by their sides or angle measures.

Student Homework

☐Text Book

☐Workbook

☐Worksheet

NO HOMEWORK

Lab(s) / Link(s) / Podcast / TED Talks needed for above assignment.

Social Studies

Aim/Skill/Concept:

SWBAT explain some important ideas used in the state constitutions and how the state constitutions protected the rights of citizens.

Materials

Map Skills handout, pencil

Assessment:

Students explain why Great Britain needed new governments.

Student Homework:

☒Text Book

☐Workbook

☐Worksheet

Homework pick a Native American tribe (Pensacola, Apalachee, Guale, Timucua, Potano, Ocale, Tocobaga, Mayaimi, Ais, Calusa, Jeaga, Tequesta and Matecumbe)  
What are the similarities and differences between the tribe and the United States Constitution?  
How different do they live?  
How are the Holidays Different and similar? (Like Columbus Day and Indigenous Peoples’ Day)  
What are the Native Perspectives on Thanksgiving?  
Are there any similarities in the Policy and Laws?
