

Math

Aim/Skill/Concept:

The students will learn that it is easier to subtract vertically because they can line up the ones under the ones and the tens under the tens accurately.

Materials

A Pencil, Math worksheets pages 165-166, RW52 and CW52

Assessment:

Students will rewrite subtraction problems from horizontal to vertical format. Then the students will work the problems on page 165-166, RW52 and CW52 independently to show what they know within 80% accurately.

Student Homework Text Book Workbook Worksheet

Rewrite 2 Digit Subtraction PW52

Lab(s) / Link(s) / Podcast / TED Talks needed for above assignment.

Science

Aim/Skill/Concept:

The students will review and show what they have learned in lesson 1 accurately.

Materials

Students science workbook pages 104-105-106, and a pencil.

Assessment:

The students will answer the questions on pages 104-105-106 independently to show what they know within 90% accurately.

Student Homework: Text Book Workbook Worksheet
